- It was mentioned that mark distribution should be added along with credit hours so that it may be compared semester wise.
- The title of course FRBD 903E may be changed from "Medicinal & Aromatic Plants" to "Medicinal and Aromatic Trees and its Medicinal Biochemistry".
- The title of course FRBD 1002E was changed from "Wildlife Management" to "Wildlife Ecology and Management". It was also emphasized that the course should be changed from elective to core course for the PG Students of Forestry and Biodiversity.
- It was pointed out by the members that there should be a compulsory field attachment with the Tripura Forest department for minimum two weeks.
- It was mentioned that a course on "Forest genetic Resource and its Conservation" be added as NE India is rich in its genetic resources.

The syllabus is approved by BPGS after making the above mentioned changes. In addition it was also resolved that the 3rd and 4th Semester Syllabus will be finalized by circulation amongst the members before the start of the classes for 3rd Semester.

Agenda 2. To consider the synopsis of the Ph D Scholars recommended by the RAC for approval

Sl. No.	Name of the Supervisor	Name of Students	Comments
1	Dr Thiru Selvan, Dept. of Forestry and Biodiversity, TU	Ms. Imalisa pal	It was suggested that for biochemical changes the flowering shoots should be used for analysis.
2	Dr Bimal Debnath, Dept. of Forestry and Biodiversity, TU	Mr Amal Debnath	It was commented by the member to revise the title of the synopsis to make it more specific. The study should concentrate on 2-3 invasive species that has an influence on the indigenous species/seedlings of some forest tree species. It was pointed out that the title should be entitled "Impact Assessment of <i>Chromolaena Odorata</i> (L.) King Robinson (Alien Invasive) on Diversity and Composition of Vegetation, Soil Properties and Litter Decomposition
