I want to know about tripura university recruitment. The advertisement number was Tu/01/2020. This advertisement was firstly issued in 2019 but then there was no recruitment. Again in 2020 it was re advertise, and we apply for this again in February 2020. About 10 months to go but there is no notifications from the university. If it not recruited then why this kind of advertisement published? Now I want to know that when these posts will be fill up? Please give us a specific time so that we can study. Please tell us when these posts will be fill up?
