TRIPURA UNIVERSITY

(A Central University)

Suryamaninagar-799022

Tripura, India

From the Desk of the Vice-Chancellor

It is my proud privilege to present, with humble gratitude to all my dear colleagues and stakeholders, the Annual Report of Tripura University (2022- 23). At Tripura University we have been committed to the pursuit of a dream with unflinching determination; a dream to make a significant contribution to higher education, drawing inspiration from and developing insights in the domain of Interwoven Learning, breaking down silos and engaging in proactive change management. With the sole objective of upgrading and augmenting the university's teaching and learning ecosystem, concrete measures have been adopted to initiate a massive recruitment drive in various academic departments of the university with an aim to identify the best possible talents and retain & nurture them.

Since its inception Tripura University has stood tall and proud in its vision to shape and foster a future generation of students and make them worthy citizens of our great country. We believe that the students should be as informed as inclusive, personify a spirit of empathy and diversity and try to contribute to the society in general and to our nation in particular through their thoughts and actions. Like all central universities, Tripura University enrolls students from different states of India as well as abroad.

The University is focused on the major pillars of academics, viz. teaching, training and research activities.

The University provides the students with adequate infrastructural facilities to support their teaching learning process, particularly in the area of laboratory training. In order to provide a conducive environment for overall academic development, the University campus has been made fully Wi-Fi enabled with 5 hostels (3 for women and 2 for men), quarters for faculty members, officers and staff, sports facilities, medical facilities (Health Centre with two full time male and female doctors, paramedical staff and Ambulance Service), 24 X 7 automated library facilities, Guest House that can accommodate more than 100 guests at a time, technology enabled Sugamya Pustakalaya facility for differently abled users, one dedicated Engineering Cell to cater to the needs of all stakeholders. Our University has also established a Psychological Testing Lab to take care of the mental health and well being of all members of the University family. Such efforts have significantly boosted the performance matrix of the University in various assessment indicators. Our Faculty Members and supporting staff have been relentlessly working for the holistic development of the university.

I am delighted that the quality and reputation of our research has continued to grow. The grants received for R & D projects during 2022-23, as has been documented in the attached

pages, bear testimony to the interest and dedication that our faculty members display towards the actualisation of research initiatives in this University. We have organised several seminars and conferences in the last one year to make our students aware of the recent trends in research activities.

Tripura University has the distinction of receiving a Centre of Excellence for IAS coaching. Projects undertaken by our Centre for Social Exclusion and Inclusive Policy, patronised and sponsored by the Ministry of Tribal Affairs, Government of India, were successfully carried out with the noble objective of addressing lives and livelihoods of ethnic tribes of the region, illustrative evidences of which are to be found in the pages that follow. This is part of the outreach activities carried out by the University. Training programmes have also been undertaken with the sole aim of income - generating opportunities, for both the students as well as inhabitants of local villages in the vicinity of the campus. In this endeavour, association has been established between the coffee growers of Jampui and entrepreneurs of Delhi through our alumni network so as to ensure access to the national market. The Hon'ble President of India was offered with the first two fine products of Ramie generated by one of the research groups of the University. Ramie is an indigenous and natural fibre substitute of Linen, a step towards Viksit Bharat. In order to promote skill upgradation and entrepreneurship within the state, our University has established the "Dattopant Thengadi Employment Generation Resource Centre".

As we believe in providing equal opportunities to our women we stand by our motto "Investing in Women, Accelerating Progress" which brings back memories of the efforts already undertaken by the University during the past year with a similar goal in a view. Initiatives like Self- Defence workshops and Gender- Sensitizing programmes for all stakeholders of the University have already been conducted with the objective of women-empowerment. Seminars, debates and conferences were all parts of the inventory of programmes organised and successfully conducted by the University. The university puts thrust on gender equality and the Gender Audit Report was meticulously prepared by the Women's Study Centre at Tripura University. As I conclude, I once again congratulate all, who have taken great care to meticulously compile all the data in the pages follow. I feel confident that working together as a team, we will be able to take Tripura University to new heights of glory in the near future

About Tripura University

Tripura University was established as a State University on 2nd October 1987 and was converted into a Central University on 2nd July 2007 by an Act of Parliament to establish a teaching and affiliating university in the state of Tripura. The kings of Tripura, since 1947, guided by a zeal for education and inspired by a vision to excel, established many colleges in this green hilly state -- all affiliated to the University of Calcutta. But the geographic distance from the University of Calcutta being a formidable deterrent, it was virtually impossible on the part of a large number of poor students of Tripura to continue further studies after graduation since postgraduate education within Tripura was not yet initiated. The political history of Tripura since the 1960s, replete with students' movements, had consistently harped on the demand for expansion of opportunities for higher education and the establishment of a separate University in the state of Tripura. Initially, the Calcutta University authority agreed to offer post graduate classes in History, Mathematics, and Economics at the MBB College campus and the University Grants Commission (UGC) formally recognized the Calcutta University Post Graduate Centre (CUPGC) in 1976. But the dream for a full-fledged University within the state was yet to be fulfilled and students' demands gradually gathered momentum for a separate university for the cause of higher education in Tripura. For a decade, the CUPGC with all its limitations functioned as the highest centre of learning in the state, operating from various scattered old government buildings at College Tilla, Agartala. In spite of severe financial constraints, land for a new campus was selected by the state government for the CUPGC in a green 75-acre, semi-urban setting along the National Highway at Suryamaninagar, about 9 kms south of the capital city Agartala. With the aim of setting up a full-fledged University at that location in the near future, the foundation-stone was laid at Suryamaninagar campus on 18th December 1985 by Dasaratha Deb, leader of the historic Janasiksha (People's Education) movement and the-then Deputy Chief Minister and Education Minister of Tripura. Taking into consideration the long-cherished demands of the Student Community and the growing aspirations of the people at large and also acknowledging the present and future needs of education in the state, the State Government took the initiative to pass the Tripura University Act in the Assembly in 1987 and finally the first University in the state came into being. This was indeed a dream come true.

After its upgradation to a Central University in 2007, the overall development of Tripura University has been conspicuous by the all round efforts undertaken to strengthen the infrastructural facilities and academic acumen. The University is dedicated to the cause of developing and empowering the people of this state and the region by imparting quality education and technological innovations in the field of academic and research activities. The picturesque beauty in the idyllic surrounding of the campus provides the right academic ambience for nurturing young and potential minds.

As a conventional University, Tripura University has taken upon itself the responsibility to preserve and promote the enviable heritage of the state's indigenous art forms, folk, oral and multi-dimensional cultural traditions. At present there are two faculties, forty-five Departments and four Centres of Study in the University along with four Departments under the Directorate

of Distance Education. The Directorate of Distance Education extends educational support to the employed and socio-economically deprived sections located in the far-flung hilly areas of this state.

The future plans of the University include expansion of the campus and immediate installation of ICT-enabled classrooms in all the Departments, more hostels for men and women including research scholars hostels, improved canteen, guest houses and accommodation for the faculty and non-teaching staff, employment of modern technological tools and facilitating multimedia mode of interactive teaching-learning. In order to adapt with the demands of the changing times, the University has largely changed over to e-governance for efficient, accurate and eco-friendly administration.

Tripura University is accredited by NAAC in Grade B⁺⁺ with CGPA of 2.82 on a four-point scale. The University has also obtained recognition from AICTE, NCTE and similar other apex bodies for offering academic courses.

At present the number of colleges affiliated to the university is 55, consisting of 28 general degree colleges and 27 professional colleges.

Location, Climate and Connectivity

Located in the green picturesque state of Tripura, whose undulating topography comprises of low-lying hills shrouded with dense vegetation cover and interspersed with meandering rivers, rivulets and streams, the sprawling green campus of the university is an eye-catcher. Situated in West Tripura District about 9 km away from the City of Agartala and 24 km from Agartala Airport (Singerbill Airport), Tripura University is easily accessible by road.

The state is well-connected with Guwahati, Silchar and Shillong by road. A daily bus service from Kolkata to Agartala through Bangladesh has also taken off, for which a transit visa is needed. Agartala is also directly connected to Guwahati, Kolkata and other Northeastern cities and with other metros via Guwahati or Kolkata by air route. The earlier meter gauge railway line connecting Agartala to Lumding and Guwahati has been upgraded to broad gauge. Of late, the Rajdhani Express has also been introduced connecting Tripura to New Delhi and the rest of India. The average temperature of Agartala in summer is about 30^oC and in winter, about 15^oC.

Implementation of NEP 2020

We have wholeheartedly adopted the proposals of the NEP 2020, and have already begun its full-fledged implementation process step by step, through careful monitoring of changes in the curriculum along with the addition of Ability Enhancement and Skill Courses. Living up to the spirit of the NEP 2020, the university in all its programs at the UG level has adopted suitable courses on the theme of Indian Knowledge Systems. At present we are working on the implementation of the NEP 2020 at the PG level. Tripura University is planning to propose the opening of new departments of Social Work, National Security Study and Yoga along with a Center of Tribal Study and Research in near future. Considering the employment opportunities and demand of people of this reason.

Facilities and Services

University Library :

The Central Library is committed to providing evidence-based innovative services, resources, and facilities for teaching, learning, research and innovation. The Central Library acts as a 'Knowledge Hub' in collecting, organizing and disseminating the widest possible access to information for its users. The Library constantly reviews its services and resources based on the feedback of the users by adding value-added services and resources. The Central Library gives more emphasis on supporting the teaching and research activities in the university.

The Central Library has a wide range of collections such as 162514 print books, 91 print journals, 20 magazines, 32119 e-books, 545 thesis, 1060 bound volumes, 15 newspapers, 1310 CDs/DVDs, 174 rare manuscripts etc. in it.

The Central Library relentlessly provides uninterrupted online user support to the entire users' community both in and out of the University through the 'Remote Acces' platform. The users can access more than 32119 e-books, 14 online databases through e-ShodhSindhu, and 10 e-databases subscribed by Tripura University, covering financial statistics, Government reports, Company profiles, abstracts and the metadata of more than one lakh e-books. The Central Library makes continuous efforts to ensure that the users are using Library resources efficiently and effectively. To sensitize in maximizing the use of various e-resources, the Library conducted several orientation programmes both offline and online which resulted in a tremendous surge in the usage of resources by users. The Central Library receives support from the E-ShodhSindhu consortium for access to 14 additional online databases and many research journals.

As a part of the research initiatives, the Central Library has developed 'Institutional Repository (IR)' using open source software for archiving the scholarly outputs of the University in digital mode. Further, the Central Library has successfully implemented IRINS (Indian Research Information Network System) and Vidwan Expert Database. The Central Library has access to the anti-plagiarism checking platform i-Thenticate and the academic research writing tool Grammarly.

The Central Library is always committed to providing the best resources and services to its users. It offers evidence-based innovative services such as online circulation, online membership, unique collections, anti-plagiarism service, document delivery service, research and citation support, reference service, digitization services, e-Library Lab, reprographic service, newspaper clipping service, new arrival alert, ask-a-Librarian, Department Library, etc. to its users. Research integrity is one of the key components of research. The Central Library strictly follows research ethics and sensitizes users about the importance of copyright, fair use, and anti-plagiarism policies.

Computing Facilities :

Tripura University takes proper measures to provide all possible computing facilities to the students, scholars and faculty. There are 5 general computer centres and 9 departmental computer centres with approximately 400 desktop computers. The computer centres are

accessible to the students, research scholars and faculty during the University working hours for optimal utilization. Lab classes of Computer Skill-I and II are conducted in the above computer centres. For better access internet facility is available in all departments, centres, offices, hostels and staff quarters 24x7. Wi-Fi facility has also been made available for mobile phones and laptops in the central library, the Guest House and all the departments. To work at times of power-cut, high capacity central UPSes are installed in most of the departments and offices for providing back up during power failures.

Central Instrumentation Centre:

Tripura University has established a Central Instrumentation Centre to facilitate the researchers of this university as well as researchers from other universities and institutions of Northeast as well as other parts of India. While using this Centre, the researchers from outside Tripura University may avail accommodation in the Tripura University Guest House. In this academic year, 39 research papers have been published using the facilities installed at CIC.

**Hostel Accommodation:**

Fully computerized internet-enabled hostel facilities are provided to students from outside the state/country, remote parts of the region and economically backward classes. Currently, there are three hostels for women and two for men. Two more hostel buildings having separate rooms and attached bathrooms with 50 seats capacity are available for research scholars. Common Rooms with various recreational facilities and reading rooms equipped with reading materials and magazines, news papers, T.V., etc., are also available in both the hostels. The hostel mess serves food to the boarders according to a prefixed menu determined by the boarders themselves.

Health Services :

Tripura University has its own Health Centre with two full time doctors (Male and Female), two nurses, a medical laboratory attendant and a female attendant to serve students, teachers, employees, officers, guests and their family members. A separate building has been allotted for this purpose where some beds with saline and oxygen facilities are available. Furthermore, the University possesses an ambulance with basic facilities to transfer patients to nearby hospitals in case of emergency.

Bank and Post Offices :

The university caters adequately to the requirements of the students, scholars and faculty with in-campus SBI branch and Post office during university hours. There are two ATMs in the university campus.

Games and Sports :

The Sports Board of Tripura University came into existence in 2007. Every year various games and sports are conducted by Tripura University Sports Board. Annual Sports Day is organized in which various outdoor sports like football, volleyball, kabaddi and cricket, etc. and indoor game competitions such as table tennis, Carrom and chess, etc. are held. Every year the Sports Board organizes Inter College Tournaments in various categories like football, cricket, volleyball, judo, table tennis and athletics among the different affiliated colleges under Tripura University and participates in East Zone/ All India Inter University competitions with university contingent.

Placement Cell :

The Tripura University Placement Cell was established on 27.10.2005. In intercepting and mobilizing employment opportunities for students, the Cell plays a vital role and is gradually becoming a key cell of the University. The competition for employment is increasing every day and the task of placement is becoming a challenging one. The Placement Cell ensures and takes care to provide the best arrangements and hospitality for the visiting company officials and facilitates campus recruitment drives. It is relevant to mention here that the alumni of Tripura University occupy top positions in business, industry, R&D and academics in India and abroad and serve as the brand ambassadors of their alma mater.

The Placement Cell performs the following activities round the year:

1. Organizing various development activities that help in personality grooming of the students and provides them platforms to express themselves and enhance their soft skills.
2. Arranging winter/summer training for students.
3. Offering coaching classes for entry into services (for TPSC, Banks, Railway and other competitive examinations) for SC/ST/PH/OBC (Non-Creamy Layer) and minority students in collaboration with Equal Opportunity Cell, TU.
4. Inviting various organizations for campus recruitment.
5. Organizing different job-oriented training programmes by reputed organizations.

Maulana Azad National Fellowship for Minority Students, NET-JRF Scheme, National Fellowship for ST Students, National Fellowship for SC Students, National Fellowship for OBC Students, Non-NET fellowship.

Canteen :

Tripura University has a central canteen that offers various food items at a moderate rate, ranging from heavy lunch to light snacks and beverages. Currently the canteen has been shifted to the 1st floor of the newly constructed parking building situated behind the Administrative Building. The canteen is fully air-conditioned having a seating capacity of around 100 persons at a time. The university canteen is open from 8 am to 10 pm on all days except university holidays. There is also a canteen in Academic Building XI.

NSS UNIT:

NSS assists society by generating awareness and extending service. NSS Volunteers are stimulated to make changes through extension that result in more efficient production and marketing, conservation of natural resources, improved livelihood security, health and more satisfying family and community life. Extension work has manifold ramifications. It is also extremely location specific and usually susceptible to outside criticism. Through NSS-mobilized extension activities, people to people contact is initiated between students within the campus and the society outside.

The overall objective of NSS is to offer an extension of the academic activity of students and orient the student youth to community service. The educated youth who are expected to take the reins of administration in future are found to be unaware of the problems of the village/slum community and in certain cases are indifferent towards their needs and problems. Therefore, it is necessary to imbibe the social conscience of the students and to provide them an opportunity to work with the people in the villages and slums.

Reservation Cell :

This Cell is responsible for ensuring effective implementation of the reservation policy in admission of the students and the recruitment of teaching and non-teaching staff at various levels, allotment of staff quarters, hostels, etc. The main objective of providing reservation for

Scheduled Castes, Scheduled Tribes, Other Backward Communities (Non-Creamy layer category) and Economically Weaker Section (EWS) in Government services and admission of students is to improve their social and educational status so that they can take their rightful place in the mainstream of the society.

Anti-Ragging Committee and Squad:

As per the UGC Regulations on curbing the menace of Ragging in Higher Educational Institutions, 2009, Tripura University formed an Anti-Ragging Committee and an Anti-Ragging Squad under the Chairmanship of the Vice-Chancellor. This Committee functions actively throughout the year to eliminate all possibilities of occurrence of ragging in any form.

Tripura University has a zero-tolerance policy towards ragging. Ragging in all its forms is totally banned in the entire Tripura University complex including the departments, and all its premises (academic, residential, sports, canteen, etc.). The University authority takes strict action against those found guilty of ragging and/or of abetting ragging.

Any complaint of ragging can be made to the nodal officer whose name, e-mail address, mobile number is given below:

Name : Dr. Rajat Deb, Assistant Professor, Dept. of Commerce

University at a Glance

In agreement with the objectives set out in NEP 2020 and the SDG goals enunciated by the United Nations, Tripura University (TU) is actively engaged in fostering the teaching-learning process, putting a great deal of emphasis on research activities, particularly applied research, pursuing training to promote entrepreneurship and skill enhancement activities, and at the same time, striving to perform outreach activities. All of these are being undertaken for overall academic and societal growth of the University and the surrounding community. Tripura University believes in growing as partner in excellence instead of island of excellence. In this endeavour, tieup has been established between coffee growers of Jampui and entrepreneurs of Delhi through our alumni (from the region) to ensure national market and visibility for the Jampui coffee. Currently available in NCR, this would soon be available at Amazon and for display at the 34th Tripura Industries and Commerce Fair.

Like all central Universities, TU enrolls students from different states of India and abroad. In order to provide a conducive environment for overall academic development, the University Campus has been made fully WiFi-enabled with 5 hostels (three for women and two for men); quarters for faculty members, officers and staff; sports facilities; medical facilities; 24x7 automated library facilities; technology enabled SugamyaPustakalaya facility for differently abled users, one dedicated Engineering Cell to cater to the needs of all the stakeholders on a timely basis. In order to meet the growing needs, construction of additional girls' hostel has been started. Tripura University has its own Health Centre with two full-time doctors (Male and Female) and supporting staff in a standalone building with 24x7 ambulance facility to attend to the University fraternity and the surrounding locality. In order to ensure mental wellbeing, university has established a Psychological Testing Laboratory to cater to the needs of its fraternity. In order to support and sustain its plethora of activities, Tripura University has a state of the art Guest House that can accommodate more than 100 guests at a time.

The **Central Library**, Tripura University being the 'Knowledge Hub', has played an instrumental role among the academic fraternity. The Library extends 'Remote Access' facilities for faculty and students to access e-resources. The Central Library has set up the 'Sugamya Pustakalaya' Facilitation Centre, which helps the visually challenged to use Assistive Technology for their teaching, learning and research. The Central Library has been instrumental in conserving and preserving the rare manuscripts of the Northeast region by establishing Manuscript Resource Centre (MRC).

Technology enabled Sugamya Pustakalaya facility at TU Central Library

In the academic year 2021-22, the students' strength was 4661, while the scholars' strength stood at 554. In this academic year, a total of 225 students had registered for PhD degree, 16 had submitted their PhD theses while 57 were awarded PhD degrees. The university had the distinction of receiving a Centre of Excellence for IAS coaching. It runs coaching for different

competitive exams. The university has been actively engaged in different community and outreach activities with involvement of the students. The university puts thrust on gender sensitization and gender equity. It may be mentioned that the Gender Audit Report was prepared by the Women's Study Centre at Tripura University.

The university has been promoting IP, Innovation, and Entrepreneurship with the policies in place. This has resulted in its gaining national visibility through different prestigious awards and funding. The Hon'ble President of India was offered the first two fine products of Ramie generated by the University and she appreciated the initiative of the University for developing an indigenous substitute of Linen which would have a significant impact on the global natural fiber based textile market and boost the handloom sector, a step towards Atmanirbhar Bharat.

In line with the national initiative of making all equipments/facilities available for in-house as well as external users (on a payment basis), Tripura University has become a part of I-STEM programme ensuring the availability of the 10 expensive equipments in the Central Instrumentation Facility to users as per requirement at a nominal cost, in addition to those in the different departments. Tripura University is making efforts strenuously to emerge as a university with distinction. Its thrust areas include all the verticals befitting a modern university, viz. teaching-learning, research, training, networking and collaboration and outreach activities all with the avowed goal of knowledge creation and dissemination along with the objective of enhancing the knowledge and skill sets of the students so that the teachers, students and the employees can together create a strong academic ecosystem for the betterment of the nation. This has resulted in the University publishing 330 research articles with maximum impact factor 10.96 and a total impact factor 598.06; 108 book chapters and 23 books in the current academic year. It has also conducted 139 seminar/training programs/conferences/workshops. In the current academic year, the University has 3 granted Indian patents, 2 granted German patents and 5 filed Indian patents. The University has a total of 37 ongoing projects. Our faculty member is among the top 2% of the Scientist worldwide as per Stanford University Report. In order to promote skill up gradation and entrepreneurship within the state, TU has opened "DattopantThengadi Employment Generation Resource Centre" in January 2023. The Centre has already conducted awareness programs with experts from different parts of the country. The

training programs with specific scientific and technological inputs have been planned for the coming year.

Inauguration of DTEGRC and its first awareness program

The university has been involved in curriculum revision for the Under Graduate courses in line with NEP 2020 with committees formed with the active participation of faculty members from the affiliated colleges. It has conducted different workshops for a better understanding of the policy that helped to develop a syllabus that would benefit the student community. NEP has been implemented for undergraduate courses under Tripura University. After completing the Undergraduate syllabus revision, the university fraternity is currently involved in revising the Postgraduate syllabus for implementation in the upcoming semester.

CENTRE FOR STUDY OF SOCIAL EXCLUSION AND INCLUSIVE POLICY (CSSEIP)

Head of the Department : Dr. Rajesh Chatterjee
 Year of Establishment : 2008
 Programmes on offer : 1. Post Graduate Diploma in Tribal & Ethnic Study (PGDTEs) &
 2. Ph. D. (in Social Exclusion and Inclusive Policy) Semester System under the CBCS pattern.

Intake capacity : PG Diploma-30 (PGDTEs), Ph.D: 08

Major Achievements/ Vision of the Department :

The CSSEIP, Tripura University has been fast emerging as an excellent hub for extension activities as well as research and development. The CSSEIP, TU has been actively engaged in addressing the issues pertaining to Social Exclusion and Inclusive Policy. The Centre has been attached to the academic department of the University like Dept. of Rural Studies since November, 2015. The Centre has proved itself an academic vehicle of the Tripura University for aiding and promoting excellence in research and development activities. It has been conducting courses on Tribal (PGDTEs), PhD, seminars and workshops on social and economic issues concerning disadvantaged and marginalized sections of the society. While the Centre has been striving for conceptualization of issues on discrimination, deprivation, exploitation and exclusion, it has been also exploring the ways and means for effecting social justice, equity, fair play and inclusion in Indian society in general and North-Eastern societies in particular. With optimism and confidence, we look forward for sustained growth and development of the Centre for Study of Social Exclusion and Inclusive Policy.

The empirical research result and action research of this Centre will be helpful to create such an ambiance in the society for social inclusion irrespective of caste, clan and religion. The Centre is a pioneer in introducing PGDTEs course in the NE region. The activities of the Centre are well appreciated by the Institutions of Government of India namely; UGC-NAAC, MHRD and organizations like NABARD, ICSSR, ONGC, Ministry of Tribal Affairs (GoI) have been involved themselves as financial partners of this endeavor. Initiative in the field of collaborative research work on tribal health has been started with Calcutta University and Moscow State University, Russia.

WOMEN'S STUDIES CENTRE

Head of the Department : Prof. Paramita Saha, Director
 Year of Establishment : 2011
 Programmes on offer : Research & Training
 Vision of the Centre : Sensitize, Aware and Motivate

Major Achievements :

The Women's Studies Centre, Tripura University was established in 2011 under the UGC scheme of Development of Women's Studies in Indian Universities and Colleges. The Women's Studies Centre, Tripura University is extensively working on Independent Research, Legal Advocacy, Documentation, Teaching, Training and Extension programme. Throughout its activities the Centre has been trying to generate awareness about the role of women in society and civilization as a whole, by conducting various Seminars, Workshops and Interaction Programmes. The Centre assesses Women's contribution to the social processes and find out Women's own perception of their lives, the broader social reality and their struggles and aspirations. Within its Research Activities, WSC attempts to assess the roots and structures of inequality in the society and facilitate research in areas relating to women and gender studies with special emphasis on issues related to Women in Tripura. The Centre has been instrumental in promoting visibility of women's issues and opened the avenues for a dialogue in multi-disciplinary collaboration in research and teaching even during the pandemic period. The first ever Gender Audit Report (2015-2020) and Gender Audit Report (2020-2021), (2021-2022) were prepared by the Centre.

DEPARTMENT OF HISTORY

Head of the Department : Prof. Sukhendu Debbarma
 Year of Establishment : 1977
 Programmes on offer : IMD, MA, Ph.D.
 Intake capacity : IMD-30, MA-80, PhD- as per vacancy

Vision of the Department :

The Department of History as part of the Faculty of Arts and Commerce strives toward to inculcate among its students a sense of rational, scientific and critical thinking skills and an understanding of the different facets of the history of World, India and North East India. It promotes a holistic understanding of the evolution of human societies from the earliest to the contemporary times through a scientific exploration of different sources, texts and meaningful interdisciplinary engagement. Its vision is to make the students and researchers conscious of the importance of the past in shaping our present and future. It strives to empower students to cope with the challenges of globalization by instilling in them a lifelong passion for learning about the past and thereby making them aware of the interconnectedness of past, present and future..

Major achievements: The Post-graduate classes in History first started in March 1976 in the P. G. Wing of MBB College, Agartala. The Calcutta University Post Graduate Study Centre (CUPG Centre) came into being in 1977, with a single student in the Department of History. In 1987 CUPG centre was converted into Tripura University. At first, the Department of History was known as the Department of Modern History under Calcutta University. Later on, with the establishment of Tripura University on 2nd October, 1987, the Department was renamed as the Department of History with its own syllabus. In 1997, the Department revised its syllabus with Part-I & Part-II system. In 2004, the syllabus was further revised as per UGC guidelines with unit system. And after conversion to Central University, a semester system was introduced in the Department from the academic session 2008. The Department endeavours to organize Seminars / Workshops / Popular lectures etc. The faculty members and research scholars of the department are engaged in various research activities. Students who are particularly interested in teaching and research are encouraged to prepare for UGC- NET exam as well as SET and to pursue Ph.D programme. Very recently, the UG syllabus of History has been revised keeping in mind the NEP, 2020. The department is planning to apply for the UGC SAP as part of the major research thrust in history to promote research in the department. At present the Department has 6 (six) regular Faculty members (1-On lien) and 02 (two) non-teaching staff.

DEPARTMENT OF JOURNALISM AND MASS COMMUNICATION

Head of the Department : Dr. Deepak Upadhyaya
Year of Establishment : 2009
Programmes on offer : MA in JMC, PhD
Intake capacity : 22

Vision of the Department : We envision that the Department of Journalism and Mass Communication at Tripura University will be able to positively add to nation building by training human resources that will full fill the growing demand of producing competent media personnel's who are ready to fit in the ever challenging media sector which is seeing its boom not in the State of Tripura but also in the national scenario in India. In days to come, the Department of Journalism and Mass Communication, Tripura University will emerge as a nodal media teaching and learning institution in the North Eastern India to tap the creative potentialities of the students of the State which will have a skill- based employability quotient empowered with media education in the fast shrinking job market scenario of the country.

Major achievements : The Department of Journalism and Mass Communication, Tripura University emphasizes on research and documentation of Art and Culture of the untapped territory of a tiny region in the easternmost part of India called Tripura, both in Print as well as Video Production. Fourteen years of existence may be a small period in the life of an academic department, nevertheless, the Department of Journalism and Mass Communication, Tripura University has been striving to contribute in the domain of creation and dissemination knowledge in video production, mass communication, public relations, advertising etc; and to fill the existing gap in the nurturing skilled-manpower capable of handling sunrise sector of the media profession in the State of Tripura. With our NEP 2020 course curriculum, which is blended with offering hands- on – training and exposure to the media profession, we are sure of the enhancing the relevance of our Department in the new education scenario.

DEPARTMENT OF LIBERAL ARTS

Head of the Department : Prof. Jahar Debbarma
Year of Establishment : 2019

Major achievements/ Vision of the Department :

It was recognized widely that a liberal arts education is basically intended to expand and expose the capacity of the mind to think critically and analyze information effectively. It develops and strengthens the brain to think within and across all disciplines so that it may serve the individual over a lifetime.

Art History Professor T. Kitao of Swarthmore delivered an address with a poignant summary of the value of a liberal education: “The knowledge you learn about the subject of the course is its nominal benefit. It is like the stated moral at the end of a fable. The real substance of learning is something more subtle and complex and profound, which cannot be easily summarized – like the story itself. It has to be experienced, and it is as an experience that it becomes an integral part of the person. Learning how to learn by learning how to think makes a well-educated person.” And further another great personality Steve Jobs once said, “Technology alone is not enough. It’s technology married with the liberal arts, married with the humanities, that yields us the results that make our hearts sing.” It’s important to remember that, while there is a demand for STEM students and specialized degrees, it is possible to pursue a liberal arts education with intent and create multiple paths to career success in the process.

Keeping in mind of the importance and values in the 21st century Tripura University introduced a Post Graduate Programme in Liberal Arts in the year 2019 with intake capacity of 20 students.

The Department offers Post Graduate Degree and Course curriculum/syllabus was framed keeping in tune with UGC guidelines and subject expert was invited from other universities to framed the course structure and detail contents.

1st batch students was admitted in the accademic year 2019-20 and have completed their course in the year 2020-21, thereafter new admission was discontinued and was kept defunct temporarily owing to the non-recruitment of teaching faculties. However, the Department will be functional subject to the new appointments of faculties. Currently the University have started recruitment process.

For the first time, Board of Under Graduate Studies (BUGS) was formed under Department of Rural Studies, Tripura University to initiate NCC as one of the Minor courses in different degree colleges of Tripura.

DEPARTMENT OF SANSKRIT

Head of the Department	:	Prof. Sipra Ray
Year of Establishment	:	1977
Programmes on offer	:	M.A. in Sanskrit and Ph. D.
Intake capacity	:	80 + 8 =88

Vision of the Department : To develop the Department into an international Centre of Sanskrit learning while nurturing progressive, competent students/scholars strongly rooted in Indian knowledge and ethos at the same time empowered with interdisciplinary research and global knowledge.

Major achievements : The Department of Sanskrit is one of the new departments with which the Centre for Post Graduate Studies in Tripura under the University of Calcutta (C.U.P.G. Centre) started functioning in 1977. Cultivation of traditional Sanskrit learning in the princely state of Tripura was in full swing from early times under the royal patronage. With the advent of modern education, Sanskrit has been taught at the undergraduate level in the colleges. The department started teaching Sanskrit in Post Graduate level since 1977. Since its inception the Department of Sanskrit is being run by so many renowned teachers. A number of distinguished guest Lecturers also served the department for a long time. The department with an intake of 80 students offers P.G. Course in Sanskrit in CBCS pattern of syllabus. Research work is also given prime importance in the Department. There are a good number of research scholars working in the department and some visit from outside the institution. Many of them have delivered precious academic lectures. Prof. Ramaranjan Mukherjee, Prof. Dhyanesh Narayan Chakraborty, Prof. Bhavani Prasad Bhattacharya, Prof. Sitanath Acharya, Prof. Asoke Chatterjee, Prof. Karunasindhu Das, Prof. Nabananarayan Bandyopadhyay, Prof. Dipti S. 5. Any other achievements : About 130 students from different departments opted for BCRU Elective paper during the 2022-2023 academic session.

DEPARTMENT OF BOTANY

Head of the Department	:	Prof. R.K. Sinha
Year of Establishment	:	2007
Programmes on offer	:	M.Sc., PhD, PG Diploma in BCRU
Intake capacity	:	M.Sc.-31

Vision of the Department : To accomplish high quality in teaching-learning practice, evaluation, research and innovation.

Major achievements : The Department of Botany offers M.Sc. and Ph.D. degree to the qualified students from various states of India. The Faculty members of the Department are actively engaged with researches and presently run two major research projects in collaboration with reputed Central Institutes. In recognition of research output, the Department received grants separately from DST (FIST) and UGC (SAP) for strengthening of infrastructure. Our endeavour is to inventorize and establish a digital database for the phytoresources of Tripura. The venture of the Department is to excel in quality research so as to uplift the Department as Centre of Excellence. The department also runs a skill oriented P.G. Diploma Programme in Bamboo Cultivation and Resource Utilization (BCRU) since 2007.

DEPARTMENT OF CHEMICAL & POLYMER ENGINEERING

Head of the Department : Er. Harjeet Nath (HoD I/C)
 Year of Establishment : 2016
 Programmes on offer : M.Tech. & PhD
 Intake capacity : 15+2 (EWS) in M.Tech. & PhD as per availability

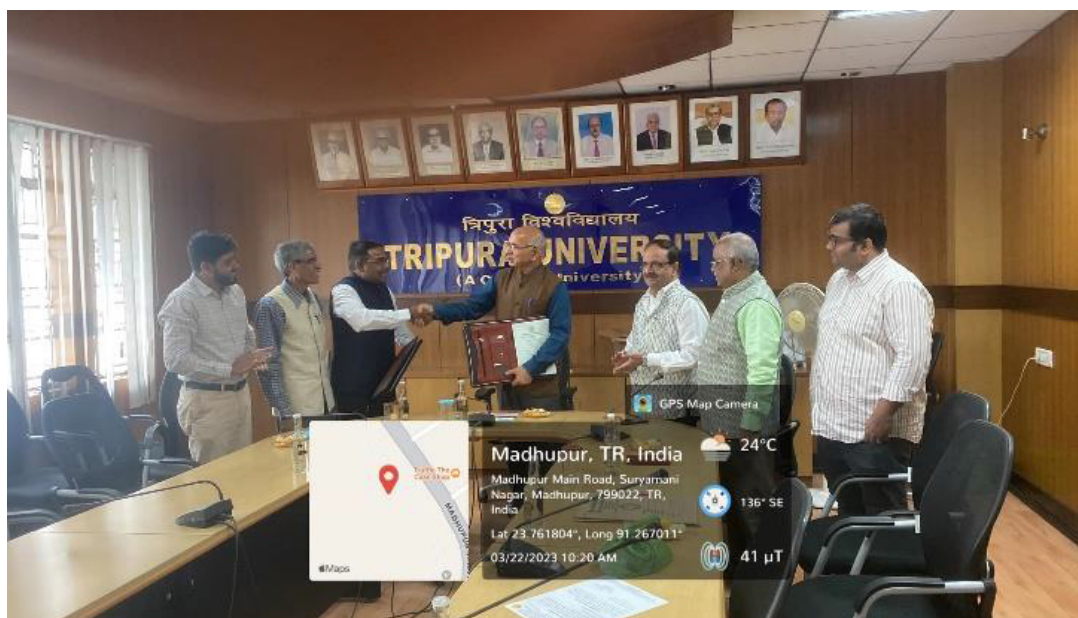

Vision of the Department : The Department aims for internationally acclaimed recognition in teaching, research, innovation and societal services thereby raising the standard of Chemical & Polymer Engineering education in the country by developing and devising eco-friendly, socio-economically viable and innovative technologies thereby helping in Nation-Building.

Major achievements : With the mission of imparting quality education in the field of Chemical & Polymer Engineering and to produce professionally competent researchers, engineers and innovators having good leadership qualities to solve scientific and environmental challenges keeping in mind the safety and ethical concerns which could benefit the society at large, the department which started functioning from 2016 onwards has opened up its research facilities for external usage at very nominal cost. The department has sought various Govt. and Non-Govt. research projects of more than Rs. 75 Lakhs. The department has also published more than 30 high quality research publications in various national and international journals of repute as well as various book chapters in various book editions in addition to granting of an Indian patent during the year 2023. The cumulative Scopus citations is more than 250. With the presence of more than 100 books in its department library, students can also access various e-resources from the department library as well as its computing facility consisting of number of computers including workstations in addition to ICT enabled classroom with inhouse PA systems. The department regular conducts lectures and workshops on emerging areas related to Chemical & Polymer Engineering domain.

DEPARTMENT OF CHEMISTRY

Head of the Department	: Prof. R.K. Nath
Year of Establishment	: 1976 as CUPG Center and from 1987 as a full-fledged Department
Programmes on offer	: i) M.Sc. in Chemistry (four semesters) ii) Ph.D. Programme in Chemistry
Intake capacity	: M.Sc. i) 33 + 3(EWS) + 3(University rank holders) + 2 (other University rank holders) = 41 PhD ii) As per UGC norms

Major achievements/ Vision of the Department : The Department of Chemistry was established as “Post Graduate Center” of Chemistry under the University of Calcutta in 1976 at Agartala to cater the need of the local students. In the beginning, the department offered Master’s Degree in Chemistry with only Analytical Chemistry as specialization. With the increase in number of faculty and improved infrastructure, specializations in the areas of Inorganic Chemistry, Organic Chemistry and Physical Chemistry were introduced. The Department has the distinction of producing NET/SLET/GATE qualified students every year. The department hosts five faculty members out of ten UGC sanctioned posts engaged in frontier research embracing both basic and applied areas of chemistry. The Department is actively engaged in frontier research activity since its inception and activity has enhanced as financial assistance received from different funding agencies viz.UGC, CSIR, ICMR, DBT and DST etc. as major research projects. The major areas of research interest are in the fields of medicinal plants chemistry, synthetic organic chemistry, synthetic and structural inorganic chemistry, coordination chemistry, quantum chemistry, surfactants and colloids etc. The faculty members publish research papers in reputed International and National Journals. Department of Science &Technology, Govt. of India has sanctioned an amount of Rs.1.98 Crore (2016-2021) to the Department for Purchase of a 400 MHz NMR under the FIST Programme (Level - 1) and NMR instrument has been installed and in operation currently.

Year of Establishment	:	2005
Programmes on offer	:	1. M.Tech. in Computer Science and Engineering, 2. PhD in Computer Science and Engineering
Intake capacity	:	M.Tech. – 15 (AICTE Approved)

Vision of the Department :

1. Encouraging collaborative and interdisciplinary problem solving.
2. Encouraging the students for discovery and application of knowledge to benefit the society.

Major achievements :

The Department of Computer Science & Engineering started its journey on 19th August 2005 with due approval from AICTE. The department continues to bloom under strict observation of dedicated faculties who have ensured high quality teaching from the beginning of the Department and the collaborative effort of its efficient students. The faculty members from reputed institutes such as Jadavpur University, Indian Institute of Technology, Kharagpur, Kolkata, India are invited to conduct the classes and enrich the knowledge of the students. The faculty members of the Department are associated with different funded projects from All India Council for Technical Education (AICTE), New Delhi, India, Department of Biotechnology (DBT), Govt. of India, All India Council for Technical Education (AICTE) under the scheme MODROB-NER, Government of India, Indian Council of Medical Research (ICMR), Government of India, TiHAN Foundation Technology Innovation Hub on Autonomous Navigation and Data Acquisition Systems, IIT - Hyderabad.

The Founder Coordinator of this Programme is Dr. Mrinal Kanti Bhowmik, Assistant Professor (Senior Scale), Department of Computer Science and Engineering, Tripura University (A Central University). The Programme “M. Tech in Computer Science and Engineering with Specialization in Cyber Security” will be started from Academic Session 2023-2024 which will provide a scope for the students of North-Eastern Region of India to carry out higher studies.
- Initiated for opening new In House UG Programme “**Bachelor of Technology (B.Tech) in Artificial Intelligence and Machine Learning**” under joint collaboration of Department of Mathematics and Department of Computer Science and Engineering, Tripura University. The Founder Coordinator of this Programme are Prof. Sharmistha Bhattacharya (Halder), Department of Mathematics, Tripura University (A Central University) and Dr. Mrinal Kanti Bhowmik, Assistant Professor (Senior Scale), Department of Computer Science and Engineering, Tripura University (A Central University). The Programme “Bachelor of Technology (B.Tech) in Artificial Intelligence and Machine Learning” will be started from upcoming Academic Session which will provide a scope for the students of North-Eastern Region of India to carry out higher studies.

- **Major Instruments available in Teaching Laboratory (3rd Floor):** 8 working computers available
- **Major Instruments available in Biometrics Laboratory (1st Floor)**
(Funded By: Department of Electronics and Information Technology, Govt. of India.)
 - 5 NIKON D5100 VR KIT Cameras with accessories with Simplex Flash Radio Trigger, ML-3 (Infrared Multitrigger), Tripod (Camera Stand).
 - 1 Rack max 4U Server (HP/DL580) with 2.13GHz Intel Xeon Quad Core processor.
 - 1 Dell Studio XPS 1640 Laptop, with 2.40GHz 789 MHz Intel Core 2 Duo processor with 4GB physical memory.
 - 3 HP Compac desktop computers with 2.80GHz, 3.00GHz, 2.66GHz Core 2 Duo processors and 2GB, 2GB, 1GB physical memory respectively.
 - Online UPS, 3.0 KVA.
 - RTG005-USB connected FPGA and Power PC Image Processing System.
 - Sony Make Camera Link Camera, Monochrome, universal power supply with 4mm Mega Pixel Lens, Mini 26 pin camera link connector.
 - HP Laser Jet M1522nf Printer cum Scanner cum Copier cum Fax.
 - HP Laser Jet Printer P1008.

DEPARTMENT OF ELECTRICAL ENGINEERING

Head of the Department : Dr. Champa Nandi
 Year of Establishment : 2005
 Programmes on offer : 1) M.Tech. in Electrical Engineering,
 2) PhD in Electrical Engineering
 Intake capacity : 18 (M.Tech)

Vision of the Department :

To become a Centre of Excellence and contribute to the society through excellence in scientific and knowledge-based education utilizing the potential of Electrical Engineering with a deep passion for wisdom, culture and values.

Major achievements :

Department Achievements 2022-2023: Department of EE has organized 2 Days skill development National Workshop on “Artificial Intelligence for Electrical Engineering”

Student Achievements 2022-23:

1. Ph.D Scholar Somudeep Bhattacharjee Awarded for Ph.D degree in Electrical Engineering
2. M.Tech Student Mr. Tasadeek Hassan Dar has secured Job in campus placement

DEPARTMENT OF ELECTRONICS AND COMMUNICATION ENGINEERING

Head of the Department : Dr. Anirban Karmakar
 Year of Establishment : 2016
 Programmes on offer : M.Tech (ECE), PhD
 Intake capacity : 17

Vision of the Department :

The Department endeavors to facilitate state of the art technical education in the field of Electronics and Communication Engineering by infusing scientific temper in the students leading towards research. The department aims to prepare engineers, proficient to meet the needs of current technological advancements in the field of Electronics and Communication Engineering by establishing a learning environment consistent with cutting edge industry standards. The vision of the department is to provide technical education to students that are directly applicable to problems and situations encountered in real life and thus foster a successful career.

DEPARTMENT OF FORESTRY AND BIODIVERSITY

Head of the Department : Dr. Bimal Debnath
 Year of Establishment : 2011
 Programmes on offer : M.Sc. in Forestry and Biodiversity
 Ph.D. in Forestry and Biodiversity
 Intake capacity : M.Sc.-27, Ph.D.-As per availability
 (Asst. Professor - 04, Associate Professor- 06, & Professor – 08)

Vision of the Department : To emerge as a Center of Excellence in Forestry and Biodiversity Conservation and Management.

Major achievements: Department of Forestry and Biodiversity came into existence in September 2011 under the Faculty of Science to emerge as a Centre of Excellence in Forestry and Biodiversity Conservation and Management. The Department shall attempt to deal with solution-based forestry research in tune with the emerging issues in this sector. This Department published 14 research papers in Agroforestry, Silviculture and Tree improvement, Ecosystem services, Ecological Modeling, Restoration Ecology, Medicinal and Aromatic Plants, and Forest Resource Utilization. The department scored 27.875 Impact Factor (IF) in 2022 – 2023 from 14 publications, with an average of 1.99 per paper and 6.97 per faculty. Some of the passed-out students have been absorbed in academic and research institutions. The Department also assists in transferring technology to the users viz, farmers/orchardists, state forest departments, and different voluntary organizations. The Department strives to create recognition in the international arena of Tropical Forestry and Biodiversity research, emphasizing South East Asia.

DEPARTMENT OF HUMAN PHYSIOLOGY

Head of the Department	:	Prof. Samir Kumar Sil
Year of Establishment	:	2007
Programmes on offer	:	M.Sc. and PhD in Human Physiology.
Intake capacity	:	37

Vision of the Department :

The Department of Human Physiology was established in 2007 as an independent department which was earlier part of life science programme of the university. The department strives for excellence in biomedical research and education to advance human health and welfare. At present, the department, is having 4 full-time faculty members with sufficient, non teaching and technical staff members apart from several full time and part time research fellows. The basic principle that provides the foundation for the study of human physiology is the maintenance of homeostasis through the operation of complex control systems encompassing all levels of the hierarchy of human structure and function (i.e., cells, tissues, organs, and organs systems). Therefore, the course in the curriculum emphasizes an integrated study of humans across this hierarchy of structure and function. Faculty of the Department of Human Physiology plays a major role in teaching to postgraduate students. Along with teaching, the faculty in the Physiology Department conducts outstanding, cutting-edge research on fundamental functions of cells and tissues. There is also keen interest in the cellular and molecular basis of diseases and translation of basic science research to develop novel therapeutic approaches .During the period the department has established a fully functional Biotech Hub with financial support from Department of Biotechnology, Government of India. The hub is engaged in providing training on modern research in biotechnology to young researcher from the state along with providing infrastructural support with various modern instruments to the researchers not only from the university but also from other institution of the state. The vision of the department to take health care research from bench to bedside, to translate the findings of laboratory research into clinical application that can result in new methods of diagnosis, treatment or prevention is of diseases that is challenging human population as a whole.

6. Major Thrust Area of Research:

- i) **Prof. S. K. Sil:** a) Use of natural products to prevent cancer progression and to elicit wound healing process. b) HPV and cervical cancer c) evaluation of medicinal properties of natural products
- ii) **Prof. D. Maiti:** Role of macrophages, CTL and NK cell in lung cancer, Inflammation in cancer, bonemarrow environment during leukemia.
- iii) **Prof. D. Choudhuri :** a) Reproductive toxicity of Heavy metal and Ameliorative effects of Natural antioxidants b) Correlate of cardio- metabolic and pulmonary disorders in different groups of population c) Obesity and associated conditions and its prevention.
- iv) **Dr. S. Pal:** Research study mainly focuses on evaluation of biochemical, morphological and metabolic effects of various environmental pollutants like arsenic, lead, chromium, fluoride etc. on different organ systems in animal model and possible mechanisms involved therein. The study also gives emphasis on amelioration of organ specific toxic effects of those pollutants by administration of various natural as well as chemical antioxidants, metal chelators and plant derived compounds. Additionally, community-based researches on various nutritional aspects are also carried out to identify malnutrition related problems existing in Tripura and also to find out or suggest possible remedial measures for prevention of malnutrition or over nutrition related disorders.

DEPARTMENT OF INFORMATION TECHNOLOGY

Head of the Department : Prof. Swanirbhar Majumder
 Year of Establishment : 2009
 Programmes on offer : PhD in Information Technology (IT)
 M.Tech. in Information Technology (IT) and
 Master of Computer Applications (MCA)
 Intake capacity : M.Tech. in IT (20+2) and MCA (45+5)

Vision of the Department : To become a Centre of Excellence and contribute to society through excellence in scientific and knowledge-based education utilizing the potential of Information Technology with a deep passion for wisdom, culture, and values.

Major achievements : The Department runs 2 years MTech in Information Technology (IT) as well as 2 years AICTE affiliated Master of Computer Applications (MCA) along with PhD in information Technology. The Department has been catering to the need of the University for the mandatory Computer Skills foundation courses for all PG programs. There is also an M.Sc in Information Technology (IT) course run by NEILIT, Agartala affiliated to the Board of Post Graduate Studies (BPGS) of the Department. The UG programs of the University like Bachelors in Computer Applications (BCA) and BSc in Information Technology (IT) are governed by the Board of Undergraduate Studies (BUGS) of the department. Since AY 2023-24 the proposed syllabus of both the courses have been modified according to NEP 2020. The department has successfully conducted Cyber Jagrookta Diwas (CJD) with Dept of CSE on all 1st Wednesdays from October'2022 to March 2023 and one regular in house ETTR workshop (the 4th in this series). A NGIN (Next Generation Innovation Network) center has been established in the department. An MoU has also been signed with AMTRON Guwahati for the setting up of the 5G lab sponsored by NEC, Shillong for the State of Tripura for the Department.

DEPARTMENT OF LIBRARY AND INFORMATION SCIENCE

Head of the Department	:	Prof. Rabindra Kumar Mahapatra
Year of Establishment	:	2016
Programmes on offer	:	Bachelor of Library and Information Science (B.Lib.I.Sc) Master of Library and Information Science (M.Lib.I.Sc) PhD in Library and Information Science
Intake capacity	:	B.Lib.I.Sc., -30 M.Lib.I.Sc.-25

Vision of the Department :

Vision

To furnish the libraries in this region with vivid and skilled manpower and sensitize the ethos behind establishing libraries for updation and promotion of knowledge.

Mission

To provide advanced knowledge on the subject and equip the students with the techniques of managing modern libraries in the digital era.

To produce well trained manpower by offering strong theoretical foundation as well as hands on practical classes, seminars, presentations, curriculum stipulated practical visit to reputed libraries in India, and internship program.

Major achievements:

The Department of Library and Information Science was established in the year 2016 on 29.02.2016 with a view to furnish the libraries in the region with vivid and skilled manpower. The Department is imparting one year truncated Post Graduate leading to the degree of Bachelor of Library and Information Science (B.Lib.I.Sc.) CBCS model curriculum in LIS from 2016-2017 and revised CBCS curriculum of UGC model LOCF 2020-2021. The Department also started 1 year Master of Library and Information Science (M.Lib.I.Sc.) course from the academic session 2017-2018 to provide advanced knowledge on the subject and equipped students with the techniques of managing modern libraries in the digital era and from 2018-2019 the department has also started imparting the Ph. D. programme in Library and Information Science. The need for the skilled library professionals having a degree in LIS with technical knowledge is inevitable in any library in this digital era. The courses are prepared, keeping in mind the current scenario of higher education in the field of LIS in India and job market. The Department is working to produce well equipped manpower by offering strong theoretical foundation as well as hands on practical classes, seminars, presentations, curriculum stipulated practical visit to reputed libraries of India, and internship program in Central Library of Tripura University. So far, six batches of B.Lib.I.Sc and five batches of M.Lib.I.Sc., students have come out successfully. It is a matter of great privilege and achievement for the department that fifty-seven students have been placed in different capacities as Assistant Professor, Guest Faculty, Librarian, Assistant Librarian, Library Trainee in University Department of Library and Information Science, premier University, College & School libraries and research institutes in the state of Tripura as well as outside the state such as ICFAI University, Nagaland, ICFAI, Tripura, West Bengal State University, Kolkata (WB), INFLIBNET, Gandhinagar (Gujarat), Tezpur University (Central), Assam, Central University of Sikkim, Management Institute, Kolkata (WB), Nalanda International University (Bihar), IIT (Madras), Chennai, IIT (Mumbai), IIT (Delhi), IGNOU (New Delhi), NVS Assam, Arunachal Pradesh, Mizoram, Tripura, SIPARD, Tripura. Nine students have successfully cleared the UGC-NET and two students UGC-JRF examinations till 2022. Our students and

scholars are proactively taking part in papers presentation in various National & International seminars, conferences, & webinars and published papers in learned LIS journals. Students also participate in various co-curricular activities organised in the by university, adding feathers to the department time to time.

12. Any other achievements:

1. Dr. Mithu Anjali Gayan, Assistant Professor received the ICSSR Research Project Fund
2. Eighteen students got placement in different organizations.
3. Three students qualified in the NET Examination.

DEPARTMENT OF MATERIAL SCIENCE AND ENGINEERING

Head of the Department : Dr. Pantula Karuna Purnapu Rupa
 Year of Establishment : 2016
 Programmes on offer : M.Tech. Material Science and Engineering,
 Ph.D. Material Science and Engineering
 Intake capacity : M.Tech. 17, PhD Depending on the Vacancy

Vision of the Department : The Department envisions to be a leading centre for teaching and learning with strong research output and innovation in the field of Materials Science and Engineering.

Major achievements : The Department of Material Science and Engineering is one of the new teaching and research departments of Tripura University (A Central University), started its journey in 2016, included in the XII Five Years Plan, sanctioned by UGC. This department offers four-semester ‘M. Tech.’ programme in ‘Material Science and Engineering’ (intake capacity of 17 students) and Ph.D. Programme in ‘Material Science and Engineering’. This unique stream in engineering helps students to gain technical knowledge of various kinds of materials like metals, semiconductors, ceramics, polymers and composites through material characterization and its structure – property relationships. Also, students gain in-depth knowledge on various kinds of materials for engineering applications in critical industrial sectors, energy and electronics. The emphasis is on imparting quality education to the students and research. The research areas of the department include: functional nanomaterials for energy harvesting and storage, spintronics nanomaterials, advanced ceramics, powder metallurgy, corrosion, industrial solid waste utilization and management and composites. The Dept. has received external projects/ research grants from funding agencies such as DST, SERB, IERP- GBPNISHED, UGC-DAE-CSR. At present, Department of Materials Science and Engineering has three faculty members with research experience in the areas of ceramic processing, nanomaterials for energy storage and harvesting, utilization of industrial waste surface engineering and additive manufacturing. The faculty members have also published the research work in various international journals (SCI). The students of the department are encouraged to participate in various national events and competitions. The student team of the department mentored by the faculty also reached the finals of Smart India Hackathon-2019 (Hardware edition). The students of this department interested in pursuing higher studies are doing PhD in IIT’s and also abroad. The students passed out of M.Tech. are also working in well established research laboratories.

DEPARTMENT OF MATHEMATICS

Head of the Department : Prof. Binod Chandra Tripathy
 Year of Establishment : 1976
 Programmes on offer : M.Sc., PhD, IMD
 Intake capacity : MSc: 55, IMD: 11

Vision of the Department : To be a premier learning and research center for Mathematics in the country.

Major achievements:

- (i) Prof. Binod Chandra Tripathy is in the list of Indian Scientists in the top 2% Scientists of the World as per the list published by the Stanford University, USA for the year 2020 to 2022, in the category of General Mathematics.
- (ii) According to Research.com data analysis, a leading academic platform for researchers, data analysis released the 2022 Edition of Scientists in the field of Mathematics, Prof. Binod Chandra Tripathy is ranked #16 in India among 26 and #2265 in the world.

DEPARTMENT OF MICROBIOLOGY

Head of the Department : Prof. Shaon Ray Chaudhuri
Year of Establishment : September 2011
Programmes on offer : M.Sc. and PhD Microbiology
Intake capacity : 30 students in M.Sc.

Vision of the Department : To create a truly outstanding centre of teaching, learning and research in Microbiology which can serve academia, foster industry linkages and help in nation building.

Major achievements : Department of Microbiology, University of Tripura, Suryamaninagar, established in September 2011, offers courses in Microbiology leading to M.Sc. and Ph. D. In the academic year 1 research scholars (second batch) has graduated with PhD degree. We have been able to publish well in the current year. The faculty has edited a subject specific book published by Academic Press, USA. The teachers and students have participated in different conferences while our teachers were speakers of invited talk series by reputed National Organizations. This year the students of this department have cleared GATE and SLET. Our PhD students after completing their degree are placed in industries within the country and abroad. The products and technology developed by the Department were showcased at different location in India like at Jaipur Weavers' Service Centre; Jawaharlal Nehru University, New Delhi; IISER, Kolkata; IIT Guwahati and Tripura University. The department organized 3 local seminars and 2 national seminars in this duration. Three Indian patents have been granted in the current year. We have also provided specialized training to students in the field of Microscopy and Biosafety. Our Research has been appreciated at a National Level.

Research towards development of Atmanirbhar Bharat

Dr. Shaon Ray Chaudhuri, Head of the Department of Microbiology, University of Tripura, Suryamaninagar, has been felicitated by the Hon'ble Minister of Textiles, Government of India, for his contribution to the development of the Ramie product line, marching towards 'Atmanirbhar Bharat'.

Our Technology

Invited Talk Series on the Occasion of Azadi Ka Amrit Mohatsav
Topic : Bandgap Engineering in Environment Friendly ZnO nanorods: Enhanced Water Treatment Application
Speaker: Dr. Suchitra Rajput Chauhan, Assistant Professor, Centre for Advanced Materials and Devices, School of Engineering and Technology, BML Munjal University

Science and Spirituality (Shrii Shrii Anandamurtijii's perspective)
On the Occasion of Azadi Ka Amrit Mohatsav
Speaker: Acharya Divyachetananda Avadhuta, Central Public Relations Secretary, Ananda Marga Pracharak Samgha, Kolkata
Date: 27th June 2023, Time: 02:30 PM
Venue: Classroom 1, Department of Microbiology, 4th Floor, Day Care Center
Organized By: Department of Microbiology, Tripura University

Tripura University hosts inspiring lecture series "Science, Spirituality, Yoga Psychology and Neohumanism"

Observer Report

Agartala: June 28, Department of Microbiology, Department of Psychology and Department of Hindi, Tripura University (Central) has organized a special lecture on Science & Spirituality, Yoga Psychology and Neohumanism and Literature (Chief Shri Anandamurti's perspective) in their Department Hall separately on June 27 last.

Prof. Shama Roy Choudhury, HOD, Department of Microbiology first introduced Acharya Divyacharananda Avadhuta, Central Public Relations, Secretary, Ananda Kurga Prakash Sangraha, Kolkata as chief speaker, who spoke on science and Spirituality.

He said when we are doing something on a rational basis, on the basis of logic and at the same time paying proper attention to the cause-and-effect theory, it is science. In this world everything comes within the scope of this cause-and-effect theory. You see sugar? Now, what is the cause of sugar? The cause of sugar is sugar cane or sugar beet. Where sugar beet or sugar cane is the cause, sugar is the effect. 2000 years ago Mahatma Karamchandani Cause and effect theory. Spiritual practice comes within the scope of science.

He further said about the creation of Mind. As per Sri Sri Anandamurti, Mind is the creation of Matter and Matter is the creation of Cosmic Chain and Cosmic Chain is interconnected form of Cosmic Consciousness. Sri Sri Anandamurti or Sri Prabhakar Sadash Sankar has also invented New theory of Science, which is known as Microvision. It is the subler particle than electron or proton. The position of Microvision is between explanation or electron. It is neither explanation nor electron. It is the duty of scientists to start research work and reach to the final conclusion. So that humanity can be benefited by this theory.

Prof. Nutan Kumar Thirugajam, HOD, Department of Psychology introduced Acharya Divyacharananda Avadhuta, who has delivered a talk on Yoga Psychology. He said according to Shri Sri Anandamurti there are four types of Psychology Para Psychology, General Psychology, Biopsychology and applied psychology.

He also delivered talk on meditation and Yoga. He further said that Yoga means Unification. When last mind merges with the cosmic mind without remaining its existence it is called real Yoga.

Prof. K. J. Das, Department of Hindi also introduced Acharya Divyacharananda Avadhuta, who spoke on Neohumanism and Literature. He said according to Sri Sri Anandamurti, an external expression of the internal workings of the mind, a bold and powerful expression of the suppressed rights of the human heart. The creation or composition of these who proclaim, "Art for art's sake," cannot be treated as falling. But the aspect of the same idea which leads human beings towards the absolute truth in one and the same of all ages and all countries. This literature is that which moves together with society and leads society towards true fulfillment and welfare by providing the inspiration to serve. The motto "art for art's sake" is not acceptable; rather we should say, "art for service and Mankindness." He further also highlighted the concept of Neohumanism.

According to Sri Sri Anandamurti, the underlying spirit of humanity is extended to everything animate and inanimate is called 'Neo-humanism'.

	American Chemical Society	Member
	American Society of Microbiology	Member
	National Academy of Science India	Member
	Society for Applied Biotechnology.	Fellow
Eurasian Academy of Environmental Science.	Fellow	

7. Major thrust area of research:

Prof Shaon Ray Chaudhuri works on Microbial Technology for Environmental Sustenance.

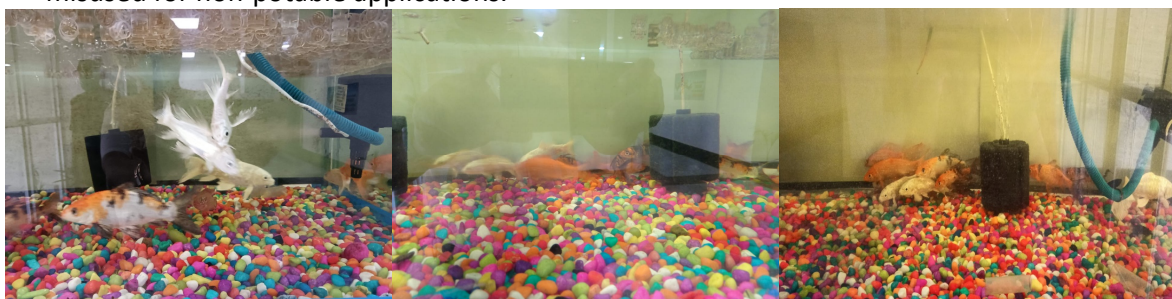

Dr. Bipin Kumar Sharma works of Fermentation Microbiology, Antimicrobial research and Microbial ecology.

Dr. Ashutosh Kumar works on understanding the adaptation mechanisms of various extremophilic proteins to explore their basic biology, use in industries, bioremediation and health care. Also involve in the study of different virulence factors of pathogenic bacteria).

Dr. Ashwini Chauhan is working towards understanding chronic (biofilm mediated) infection mechanisms to develop novel strategies dealing with AMR, recurrent infections, social communities of pathogenic bacteria besides understanding host-pathogen interactions using relevant animal models.

8. New initiatives/Innovations:

Aquaculture wastewater treatment using bacterial biofilms prevents change of water in aquarium for more almost two years which under normal circumstances have to be done every 10 days. Checked in 840 L aquarium. Hence, fresh waste is prevented from being misused for non-potable applications.

After 3 months

After 365 days of application

After 710 days of application

DEPARTMENT OF MOLECULAR BIOLOGY AND BIOINFORMATICS

Head of the Department	:	Dr. Surajit Bhattacharjee
Year of Establishment	:	2011
Programmes on offer	:	M.Sc. & PhD
Intake capacity	:	30 Nos in M.Sc.

Vision of the Department : Empowering educational experiences for all students and transforming society via breakthroughs in science pertaining to the living world.

Major achievements : The department is dedicated to offer the highest quality of teaching to its post graduate students and prepare them for the rapid advances, as well as the long-term trends, in the fields of Molecular Biology and Bioinformatics. Provide the science major with an introduction to Molecular Biology and Bioinformatics courses at the masters-level graduate studies. This Department provides a center of excellence that promotes the understanding of the molecular events of Life processes. Encourage and assure high quality research and other scholarly activity on the part of both faculty and students. Our Department have signed a MOU with Indian Institute of Agricultural Biotechnology, ICAR, Ranchi and SNU Kolkata for research collaboration and training of PG and PhD students.

DEPARTMENT OF PHARMACY

Head of the Department	:	Dr. Pratap Chandra Acharya (Head-in-Charge)
Year of Establishment	:	2011
Programmes on offer	:	1) Master of Pharmacy (M.Pharm) in Pharmaceutical Chemistry, 2) Doctorate in Philosophy (Ph.D) in Pharmacy.
Intake capacity	:	15 (as per PCI Approved)

Vision of the Department : Our goal is to position the Department of Pharmacy as a flagship institution for pharmaceutical research and education in the country. By doing so, we aim to tackle global industry challenges and foster the development of pharmacy professionals with unparalleled expertise and accomplishments.

Major achievements: The Department of Pharmacy, established in 2011 under the headship of Dr. Kuntal Manna at Tripura University (A Central University), has a distinct mission. It is dedicated to delivering outstanding pharmaceutical research and education while introducing the first-ever postgraduate program (M.Pharm) in Tripura State. Located in Suryamaninagar, a mere 12 kilometers from the capital city Agartala, our department represents a pioneering endeavor to offer top-class education and research in the area of pharmaceutical sciences. This marks a noteworthy accomplishment in the North-east India region. Our department has committed to crafting programs that align with global standards, equipping our students to meet the ever-evolving demands of the pharmaceutical industry. Our primary aim is to craft programs that align with global standards, addressing the challenges of the pharmaceutical industry. Additionally, we are committed to excelling in drug discovery research, contributing novel therapeutics for contemporary health issues. The Department is offering a Master of Pharmacy (M. Pharm.) program in Pharmaceutical Chemistry and Doctorate in Philosophy (Ph.D) in Pharmacy, the department ensures that these programs adhere to the standards set by the Pharmacy Council of India (PCI), New Delhi, and AICTE, New Delhi. Our curriculum blends advanced theoretical knowledge with hands-on research training, guided by experienced faculty members, focusing on drug discovery and pharmaceutical chemistry. Our courses emphasize the exploration of innovative therapeutic molecules, prioritizing efficacy and safety. Candidates gain expertise in pharmaceutical chemistry, phytopharmaceuticals, nanopharmaceuticals, modern analytical techniques, and structure-based drug design research. Ultimately, our program empowers students to pursue higher professional achievements in the pharmaceutical industry, entrepreneurship, and academia.

Vision of the Department : To establish the Department of Pharmacy as a model institute of pharmaceutical research and education in the country to meet the global challenges of the industry and thereby developing pharmacy professionals with highest professional acumen and achievements.

Mission of the Department

- ✓ To establish the department as a center of excellence for research and development in the field of pharmaceutical sciences
- ✓ To impart quality education in pharmacy through teaching learning processes.
- ✓ To carry our pharmaceutical industry oriented interdisciplinary biomedical research.
- ✓ To establish international collaborations for global exchange of the knowledge.

Future Plans of the Department

1. Modernization of the existing laboratories through extramural research funding
2. Establishment of smart class room with e-library facility.
3. Introduction of other specializations of pharmaceutical science to enhance interdisciplinary research.
4. Placement drive for all students of the department

Strengths of the Department

- ✓ Meritorious and dedicated students and research scholars
- ✓ Learned and experienced faculty members committed for excellence in teaching and research.
- ✓ Centralized and departmental research facility
- ✓ Infrastructure and library facilities
- ✓ Smart Classroom with web casting.

Infrastructure and Research Facilities :

Our department is housed in the newly built Academic Building-XI, Block-A (Ground floor) within the serene campus of Tripura University (A Central University) in a sprawling 75 acres of land at Suryamaninagar, Tripura. The entire campus including the library is Wi-Fi enabled with free access to the students and staffs. A central animal house is also available within the campus to conduct various biomedical research activities.

6. Major thrust area of research:

- ✓ Natural products-based drug discovery
- ✓ Anticancer and antidiabetic drug discovery.
- ✓ Analytical method development\
- ✓ Heterosteroid synthesis and steroid modifications
- ✓ Synthesis of lipid-drug bioconjugates and heterocyclic small molecules to target cancer & neurodegenerative diseases
- ✓ Synthesis of glycolipids for nanodelivery of anticancer drugs

7. New initiatives/Innovations:

Various funded projects sanctioned by UGC, DBT, DST and AICTE are being run in the department towards development of new drug candidates to target cancer, diabetes and neurodegenerative diseases.

8. Teaching Laboratory/ Research Laboratory:

9. Major Instruments available in the Department:

- ✓ ATR-FTIR Alpha, Bruker, Germany.
- ✓ Digital Magnetic Stirrer with Hot Plate, Tarson, India.
- ✓ Digital Melting Point Apparatus.
- ✓ Digital pH meter, Mettler, USA.
- ✓ Fume hood
- ✓ Hot Air Oven, Labman, India.
- ✓ Ice Flaking Machine, Simag, Italy.
- ✓ Mechanical Overhead Stirrer, IKA, Germany.
- ✓ Melting Point Apparatus, Sunsim& Stuart, India.
- ✓ Mettler Toledo Balance, Mettler, USA.
- ✓ Oil cum Water bath SNS, India.
- ✓ Polarimeter
- ✓ Rotary Evaporator with Chiller, IKA, Germany.
- ✓ Rotary Vane Vacuum Pump, Tarson, India.
- ✓ Ultrasonic Bath
- ✓ UV Chamber for TLC.
- ✓ UV Spectrophotometer, Shimadzu-1800, Japan.
- ✓ UV Spectrophotometer, Shimadzu-1900i, Japan.
- ✓ Water Bath.
- ✓ Water Distillation Unit, Riviera, India.

10. Awards/ Medals/ Honours# (State/ National/ International level) received by the Teachers during the academic year 2020-21: Commonwealth Professional Fellowship-2023 was awarded to Dr. Pratap Chandra Acharya to pursue at University of Edinburgh, Scotland, UK.

11. Details of Student's Placement known to the Department:

(a) Major instruments available in Thin Film & Nanoscience Laboratory:

- Fluorescence Imaging Microscope attached with Langmuir-Blodgett (LB) film deposition instrument (Apex Instruments, India)
- Brewster Angle Microscope (BAM) attached with LB trough (ep3BAM, Accurion Scientific)
- Langmuir-Blodgett (LB) film deposition instrument (Apex Instruments, India) (two units)
- Automatic computer controlled Dip coater (Apex Instruments, India)
- Programmable Spin Coater (Apex Instruments, India)
- Vacuum deposition unit (HindHiVac)
- Fluorescence spectrophotometer (Perkin Elmer)
- UV-Vis absorption spectrophotometer (Perkin Elmer)
- UV-Vis absorption spectrophotometer (Shimadzu)
- FTIR Spectrophotometer (Perkin Elmer)
- Electrochemical Work Station
- Millipore water purification system (Millipore)
- Keithley source meters (constant current source, nano- voltmeter, I-V source meter)
- Regulated power supply (0 – 30 V)
- Nano ammeter & Pico ammeter

(b) Theoretical Condensed Matter Physics & Materials Science

- Dell T-440 workstation

(c) Nanophysics and Nanotechnology Research Lab.

- TGA-DT analyzer (Model-TGA 1000)
- Duetta-Fluorescence and Absorbance Spectrometer - HORIBA
- Source meter (Model-2400 , Keithley)
- Precision Impedance analyzer (Model- 6500B)

(d) Atmospheric Research Lab

- (a) GNSS Receiver
- (b) ARAMIS GNSS Receiver front end module
- (c) Bernese Software GPS MET4A Sensor
- (d) Indian Regional Navigation System (IRNSS)/GPS/SBAS Receiver
- (e) VLF/LF Receivers
- (f) Atmospheric Electric Field Monitor (BOLTEK EFM – 100)
- (g) Three Component Magnetometer (LEMI 30)
- (h) World Wide Lightning Location Network data (WWLLN)
- (i) GPS-Total Electron Content (GPS TEC)
- (j) MICROTUPS II Sun photometer
- (k) Aethalometer (Model AE31)
- (l) Net Radiometer (Model no. CNR4 V1007)
- (m) High Volume Air Sampler (HVS) Model TFIA-2
- (n) Multiwavelength Solar Radiometer (MWR)
- (o) Automatic Weather Station WS, Model no. DCPAWSO2
- (p) Softpal VLF receiver

DEPARTMENT OF STATISTICS

Head of the Department : Dr. Samrat Hore
 Year of Establishment : 2011
 Programmes on offer : M.Sc , PhD
 Intake capacity : 16+(2 EWS) = 18

Vision of the Department : To provide the quality based egalitarian higher education in statistics through various innovative and updated statistical tools and techniques among the students, admitted from different socio-economic ethnic background, to lead, develop and promote the advancement of knowledge and good practise of statistics globally.

DEPARTMENT OF ZOOLOGY

Head of the Department : Prof. B. K. Datta
 Year of Establishment : 2007
 Programmes on offer : M.Sc., Ph.D.
 Intake capacity : 28 in M.Sc., As per vacancy in Ph.D.

Vision of the Department : To emerge as a centre of excellence in learning, research, and innovation in zoological sciences.

Major achievements :

Total 41 new species of insects are reported from Tripura.

Induced breeding and conservation strategy for *Ompok pabo* and *Chitala chitala* is developed.

Captive breeding technology has been developed for *Sperata aor*

Total 3 New species of earthworm are reported. Two species have found with capacity of vermicomposting. One earthworm species of earthworm of Tripura has capacity of municipal waste management.

Protective efficacy of melatonin and insulin is established against diabetes induced oxidative damages.

SKILL DEVELOPMENT

B. VOC RUBBER TECHNOLOGY

Head of the Department	:	Prof. U. C. Dey
Year of Establishment	:	2015
Programmes on offer	:	Bachelor in Vocational Rubber Technology
Intake capacity	:	50

Vision of the Department : To emerge as the center of excellence in the North Eastern region of India to provide high-quality Education and Skill Based Training on Rubber Science and Technology.

Major achievements : The B. Voc Rubber Technology program has been launched by Tripura University in 2015. It is approved by UGC and equivalent to any three years Bachelor Degree Course. The course has been started in collaboration with National Skill Development Council (NSDC) and Rubber Skill Development Council (RSDC). It is designed to impart hands-on training to students starting from latex collection, preservation, rubber sheet preparation to the testing of latex, rubbers, and chemicals related to rubber industry. The course emphasizes on both theoretical and practical aspects of rubber technology. The primary objective of the course is to prepare skilled personnel by providing them with the desired level of competencies required to get an entry into rubber and related industries and encourage them to become entrepreneur. The course is very flexible, where students can opt out of the course after completion of one year of joining, with a certificate “Diploma in Rubber Technology”. Those who opt out after completing two years will be awarded with an “Advanced Diploma in Rubber Technology” and after the completion of three years, the students would be awarded with “B. Voc in Rubber Technology”. The course is meant for 10+2 students with science background. The complete course in B. Voc Rubber Technology is of six semesters. There is 100% placement of first batches of students and third batch has been sent to Aristo-Texcon in Agartala for end Semester Industrial Project. Tripura University has signed MoU with different Industries and Institutes for students training and placement. **MoUs have been signed with NSDC, RSDC, Rubber Board and AIRIA.** Moreover, students can opt for higher studies (**M. Sc**) in Rubber and Polymer Science & technology and in allied branches like, Materials Science, Paints, Adhesive Technology and Nano Technology after completion of bachelor degree in B. Voc Rubber Technology. **JIS University, Kolkata has included B. Voc Rubber Technology degree as one of the eligible criteria for admission in M. Sc Polymer Science Course and MoU with JIS University, Kolkata is under process. Four of our passed out students are pursuing M.Sc in Polymer Science.**

INTEGRATED MASTER'S DEGREE PROGRAMME

Head of the Department	:	Prof. R.N. Dutta Purkayastha
Year of Establishment	:	2011
Programmes on offer	:	Integrated Master's Degree
Intake capacity	:	201

Vision of the Department : In pursuance of the UGC's recommendations on reforms in higher education, Tripura University has introduced the Integrated Master Degree (IMD) Programme in the Humanities and Social Science disciplines, Mathematics, Statistics and Computer Applications. The Programme solicits scholars fresh out of their higher Secondary or plus two programme ready to pursue a career in the general Degree courses of the University, but with the aim of developing basic research skills in higher education. The Course structure and the subject combinations offered through the semester pattern of examinations aim at preparing undergraduate students both for competitive examinations at various levels, as well as for equipping them with all necessary databases enabling a smooth entry into higher academics.

Major achievements : To encourage students to take part in extracurricular activities and to explore their talents in different spheres, a Socio-Cultural and sports week (SADOTSAVA – 3.0) was organized in Dec, 2022. Apart from that, following the guidelines of UGC, Course Structure and syllabus was prepared for implementation of NEP-2020 from the academic session of 2023 for the newly admitted students.

DIRECTORATE OF DISTANCE EDUCATION

Head of the Department : Dr. K. B. Jamatia, Director
Year of Establishment : 1996

Major achievements/ Vision of the Department :

The Directorate of Distance Education (DDE) was established in 1996 to impart higher education through the distance mode with multi-media approach. As non-formal supplementary mode of education, distance education differs from the conventional formal system in its objective to reach the unreached, to include the excluded.

RESEARCH CENTRES

Centre for Gandhian Studies

The Centre for Gandhian Studies came into being at Tripura University to popularize the ideas and thoughts of Mahatma Gandhi among the student community. It also envisages organizing programs popularising Gandhian ideas within and outside the campus. Some of the programmes like capacity building, Shishu Panchayat, sanitation, communal harmony, peace and non-violence, popular lecture etc. were organized to carry forward the vision and mission of Mahatma Gandhi. The Centre also aims to start diploma, training, and research activities for the students in the near future. The Centre has organized different events and orientation programmes to propagate Gandhian ideology among the youth.

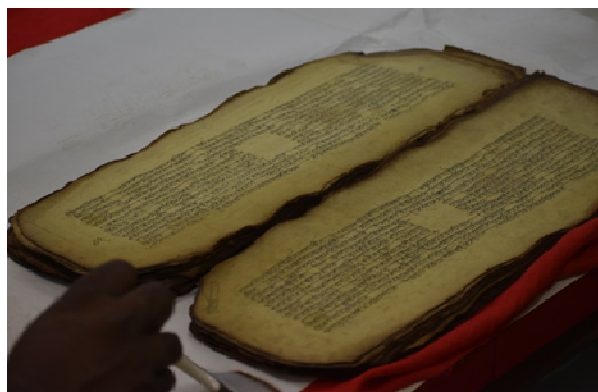

Manuscript Resource Centre (MCC)

Coordinator: Dr. Champeswar Mishra

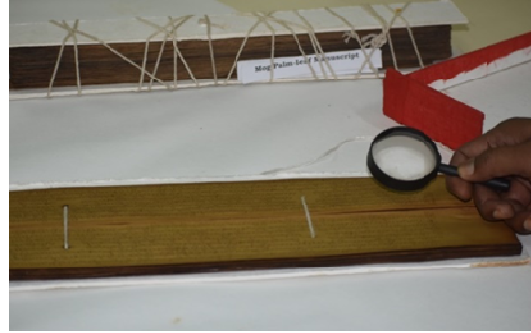

Funding Agency : National Mission for Manuscripts (NMM), Ministry of Culture, GoI, New Delhi

Manuscripts are considered the most important and authentic source to know the ancestor's intellectual output and are a boon from our predecessors. It is through the manuscripts that we can connect the past with the present knowledge society. Conservation and preservation of manuscripts with appropriate methods are essential steps to reveal the past through cultural information. Central Library of Tripura University has been instrumental in conserving and preserving the manuscripts of the North-East region.

The MCC came into being in the Department of History, Tripura University, on 20th December 2010 after signing an MOU with the National Mission for Manuscripts, Ministry of Culture, Government of India, New Delhi. The Centre was inaugurated on 12th April 2011.

The main objective of establishing this centre is to collect, conserve and preserve the manuscript of Tripura state incorporating modern and indigenous conservation methods. The collaboration also promises more intense coordination between the scientific community and manuscriptologists, to bring forth better technological tools and techniques to decipher, search, and retrieve the knowledge stored in these rare scriptures.

The Central Library has collected and preserved more than two hundred rare manuscripts from different parts of Tripura State. The Central Library has taken several initiatives to collect and preserve the rarest and most endangered manuscripts for the future generation. Collected manuscripts have been preserved through scientific methods and are properly catalogued. The Central library has conducted several workshops and seminars from time to time to

sensitize the importance of conserving and preserving ancient manuscripts among rural and urban people. The manuscript donors are sensitized to donate their manuscripts for the benefit of research, teaching, and learning. The centre is trying to sensitize the people of Tripura state about the necessity of preserving these age old manuscripts. By preserving these valuable manuscripts, it will help us to discover precious historical facts about Tripura.

VARIOUS FACILITIES

Bioinformatics Centre

With the financial support of DBT, New Delhi, Bioinformatics Centre was established in 2008 at Tripura University under the supervision of Prof. S. Banik, Principal Investigator of the project & the then Head of, Department of Zoology. The basic objectives of the Centre were to develop knowledge and research on 'Establishment of Bioinformatics Infrastructure Facility'. Since its inception, the Centre has been extending services for the promotion of Biology teaching through Bioinformatics (BTBI). Bioinformatics Centre has organised several Seminars, Workshops, etc for the Researchers of the North-East. The Centre also provided training in the field of Bioinformatics to the Students, Research scholars, and Teachers as well.

Biotech Hub

State Biotech Hub, Tripura University, established in 2011 under the co-ordinatorship of Prof. Debasish Maiti, Dept. of Human Physiology from the fund of DBT, Govt. of India. The hub was promoted to Advanced State Biotech Hub in 2018. The Biotech Hub organizes training programs, workshops for the academic fraternity, and outreach programs for different colleges and schools.

Tripura University Library

1. Central Library: The Knowledge Hub

The **Central Library, Tripura University**, being the 'Knowledge Hub', has played an instrumental role in the academic fraternity. From the dearth of information resources in the Central Library system, the tireless efforts of the Library staff have created a Manhattan of knowledge over the years. The Central Library has been transformed into a 'Research Hub' for the academic fraternity's teaching, learning, research, and Innovation. The Central Library has been instrumental in conserving and preserving the rare manuscripts of the North-East region. It has registered huge success in the realm of the collection, organization, information dissemination, and sharing of knowledge.

2. Vision

The Central Library stimulates the teaching, learning, research, and Innovation of the University through a unique range of collections, thereby providing evidence-based, innovative services, facilitating access to hassle-free information resources and strategic collaborations, supporting scholarly information and research, and creating physical and virtual environments to help users.

3. Mission

The Central Library will be an integral component and research hub for teaching, learning, research, and Innovation of the University. The Central Library will strive to accomplish its mission by:

- Collecting, organizing, and disseminating rich and diverse resources regardless of format, location, and mode of access.
- Providing evidence-based, innovative services and facilitating unique, varied information resources for teaching, learning, and research.
- Adopting and utilizing emerging learning technologies and tools for the benefit of users in the digital environment.
- Making collaborative partnerships with other libraries and organizations in creating a conducive learning environment for users.
- Developing a 'Knowledge Hub' by connecting and engaging users through a dynamic learning environment on space, technologies, information resources, and services
- Developing a 'Research Hub' by providing physical and technical infrastructure as well as information support along with expertise in a variety of data-related research for stakeholders.
- Preserving rare and unique print and online information resources of Tripura and the North-East region.

Major achievements/ Vision of the Department :

NSS assists society by generating awareness and executing service approach. NSS Volunteers are stimulated to make changes through extension that result in more efficient production and marketing, conservation of natural resources, improved livelihood security, health, and more satisfying family and community life. Extension work is at the lowest in hierarchy, but extremely broad based in usage. It is also extremely location specific and usually susceptible to outside criticism. Extension work is to help people understand themselves.

The overall objective of NSS is to offer an extension of the academic activity of students and orient the student youth to community service. The educated youth who are expected to take the reins of administration in future are found to be unaware of the problems of the village / slum community and in certain cases are indifferent towards their needs and problems. Therefore, it is necessary to imbibe the social conscience of the students, and to provide them an opportunity to work with the people in the villages and slums.

ACTIVITIES during 2022-23

NSS Unit Volunteers planted twelve hundred seedlings in Tripura University

Agartala, Aug 29, 2022. By Kiran Bhowmik

Agartala, Aug 29. In accordance with the report published by Ministry of Environment, Forest and Climate Change on "Forest Survey Report 2021" that the state Tripura comes under the category where forest cover area between 33 per cent to 75 per cent, also reported that the total geographical area in 10,486 sq km and 64.66 percentage of forest cover to GA. The change in forest cover with respect to ISFR 2019 reported -4 in the state Tripura.

Keeping it in mind, the students of Economics Department have taken part of tree plantation drive today as part of their study related activity under NSS here in Tripura University campus where a total of twelve hundred trees with different species of fruits have planted in accordance with the support of Forest Department, Government of Tripura.

The forest is important and government giving stress on tree plantation by dint of different schemes in keeping it in mind as an initiative for the betterment of climate condition because it has told in sustainable development goal number thirteen as "Climate Action". The condition need to be increased as the country India had committed for climate action in COP21; to achieving 40 per cent of its installed electricity capacity from non-fossil energy sources by 2030.

The state Tripura need to give effort for more plantation as the temperature has been increasing day by day here in the state and the temperature has reported as on standard weather forecast between 26 degree centigrate to 35 degree centigrate. The increasing temperature makes problem for people to stay here because they were not likely with this high temperature for doing their normal activities; in view to sustain their life.

In accordance with information received from university that this type of initiative has first time taken by student of Economics Department as part of their study activities in Tripura University.
