## Application Remarks

Action	Date	Status	Remark
MSME-DI Agartala	04/Dec/2019 04:28:31 PM	Clarification Asked by IA	The capital support for the Host Institute is towards procuring Plant & Machinery for the laboratory which can be utilised for development of any idea by the incubatee. In your case no such equipment have been proposed for procurement except to make few rooms for the infrastructure which is not as per the guidelines of the scheme. Moreover, the incubator can not be in a department and multi disciplinary participation must be there to incubate different unique ideas which can be disseminated to the field to set up units based on the ideas. Hence, review the proposal considering the above points.

Undertaking 

1. HI/BI shall abide by the terms and conditions of the grant under the scheme for the said purpose.
2. HI/BI will not avail financial assistance for the same purpose from any other agency.
3. A full time dedicated Incubation Manager & other Support staff will be appointed to look after functional modalities of BI.
4. Hardware , and all other basic facilities and administrative support required for successful running of BI will be extended to the BI by the HI.
5. HI/BI shall submit progress reports, statement(s) of accounts, utilization certificates, etc.
6. If any of the above statements are found to be incorrect by M/o MSME at any point of time, the organization takes the responsibility to refund the entire amount released by M/o MSME.
